About the International Conference

The "Environmental Sustainability, Green Technologies, Innovations and Start-up Ventures on and beyond Earth" conference is a initiative event dedicated to advancing environmental sustainability through innovative technologies, startup ventures, and exploration beyond Earth's limits. With a primary focus on green technologies and initiatives, this conference provides a platform for researchers, scientists, entrepreneurs, policymakers, and space enthusiasts to exchange ideas, collaborate, and explore new frontiers in sustainability. Key themes include addressing pressing environmental challenges, showcasing cutting-edge innovations for sustainable development, and discussing the potential for sustainable living beyond Earth. The international conference features keynote speeches, panel discussions, startup sessions, interactive workshops, exhibitions, and field trips, catering to scientists, entrepreneurs, policymakers, students, and educators. It offers an unique opportunity to explore the intersection of environmental sustainability, green technology innovation, and space exploration, aiming to inspire collaboration and action towards a greener, more sustainable future for Earth and beyond.

About Dr Harisingh Gour Vishwavidyalaya

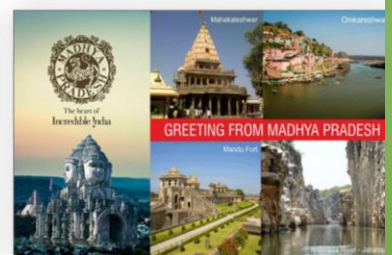

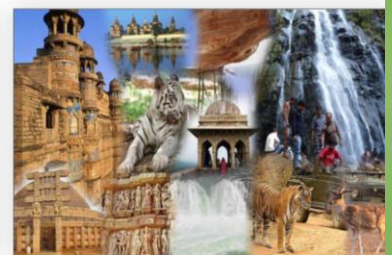

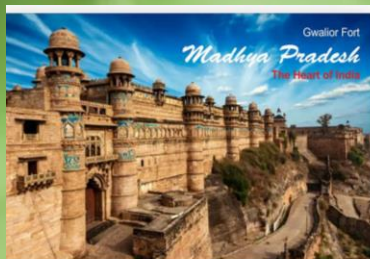

Pt. Jawaharlal Nehru inaugurated the university in the year 1946 and it is said that he came up with the phrase 'Switzerland of Madhya Pradesh', as he viewed the town of Sagar from the premises of the University. Ever since the town has been popular among leaders of the country and was also included in the much-anticipated Smart Cities Mission of PM Narendra Modi.

Doctor Harisingh Gour Vishwavidyalaya Sagar (A Central University), formerly University of Saugor, was established on 18th July 1946 by Dr. Sir Hari Singh Gour (Nov. 26, 1870 – Dec. 25, 1949). This 18th University of India and the oldest and the biggest University of Madhya Pradesh Dr. Hari Singh Gour was the first Vice-Chancellor of University of Delhi (1922 to 1926) and first Dean (1924) of The Faculty of Law in the University of Delhi. Dr. Hari Singh Gour also held the position of Vice-Chancellor of the Nagpur University, (two times in 1928 and 1936). Dr. Gour was the founder Vice-Chancellor of the Sagar University (1946). The Govt. of India honored his memory by issuing a commemorative postage stamp in 1976. The University was rechristened as Doctor Hari Singh Gour Vishwavidyalaya in February 1983 by the State Legislature. The University is situated 5 Km east of Sagar city and its campus covers an area of 1312.89 acres over Pathariya hills connected to the Vindhya Range, surrounded by lush green forest (about 100 acres) within its campus and has effectively contributed to the maintenance and preservation of ecosystem and its biodiversity. It is one of the finest picturesque campuses in India. The **alumni** of the University are occupying outstanding positions and are globally known for their achievements, most distinguished among them is **Late Shri Rajnish Jain**, popularly known as "OSHO".

Discover Madhya Pradesh "The Heart of India" About Sagar (The Switzerland of Madhya Pradesh, India)

Geographically, almost in the center of India is the small town of Sagar, a quaint little town situated along the Vindhya Range and replete with water bodies. Owing to the location, Sagar holds a plethora of opportunities for tourists to have quick weekend getaways. Some of the must-visit places around Sagar include *Gadpedha The Lost castle* and *Abchand Caves* in Sagar; **Khajurao**, The UNESCO WORLD Heritage Centre; Bhopal: *City of Lakes*, **Sanchi Stupa**, **Pacchmarhi Hill station**; Jabalpur: *Bheda Ghat*, *Bargi Hills*, *Nidan Falls*, *Bandhavgarh National Park*, **Kanha National Park**; **Nauradehi**: Witness the wild, it is one of the biggest wildlife reserves in India in terms of landmass. Being inspired from Jungles of Seoni, Mowgli characters in **Jungle book** was written by Rudyard Kipling

Temperature during mid September :19°C to 28°C
