I have visited D. H. S. Gaur University several times in its both Departments - Commerce and Management Studies. During recent past, I have observed dynamic changes in the University as well as in the Department of Commerce. Now the University has been upgraded as a central University and now the Department is functioning under the dynamic leadership of Prof. J. K. Jain who made efforts to create a computer lab and placement cell and also tried to flourish the Department on all fronts. I had the opportunity to participate in a seminar on 'the present Recessionary Conditions of the Global Economy' which may be identified as one of the best academic performance of the Department. May Lord Vishwanath bless the Department to grow overall under the Stewardship of Prof. J. K. Jain.

I was rec in the Dept of Commerce of A.S. Govt Univ, Sagar for the first time for conducting viva-voce on 10th June 2019. It was an absolutely fabulous experience for me as everything I came across was seen by me as fantastic. The atmosphere was full of cheerfulness & dexterity, the teachers who appeared to be bulging with confidence and academic illumination on their faces, and mostly the head of this Dept. Prof. J.K. Jain who seemed to have fostered his imprint, as the master craftsman, on every single frame of the departmental structures — especially with his reflection on all legitimate & abstract projects. I am really overwhelmed by the dogmatic posture of this Department.

To-day on 11.1.12 again I have come to this department and found a new height of this way of working. It may be the group effort but the leader is most deserving factor of this height. Probably Prof J.K. Jain is giving his full attention to the development of the department and the University as a whole. In this regard I submit my thoughts to Prof Jain with these lines

हम हमी मंज से आरंभ

It has been a pleasant trip. Prof J. K. Jain has been very supportive in the entire process of planning this visit till execution of the examination. The exam was conducted very efficiently and systematically. The infrastructure facilities are also very suitable for it being a study centre of IGNOU. His efforts are commendable. The hospitality received is also quite appreciable. Overall, it has been a good ~~visit~~ experience. Prof Jain is very proactive in his endeavour.

Dear Sir,

Pleased to get an opportunity to visit Dr. Harisingh Gour University on 23 July 2022 as an external expert of the Board of Studies of the Department of Commerce. The main objective of the meeting was the required amendments in the current course as per National Education Policy (NEP). All the members of the Commerce department were equally eager and excited for new courses and necessary amendments in their program. Many suggestions were presented, which were very relevant in the present context and would help in achieving the objectives of the National Education Policy. Also, the excellent arrangements for the stay and food were made by the university.

Dear Prof. Jan Saab,

Many thanks to you, your team and your university authorities for giving me an opportunity to be a part of the UGC sponsored National seminar on OPPORTUNITIES AND CHALLENGES OF EMPLOYABILITY IN INDIA, a burning topic of the contemporary time.

The seminar was conducted in both on-line and offline mode.. I was fortunate to be on offline mode. The hospitality was superb. I was amazed by the personal care and concern of Prof. Jain from receiving me from the railway station early in the morning till I left late at night. I was there from inauguration till the valedictory function. All the sessions were very efficiently conducted by Dr. Rupali Saini and Dr. Sushama Yadav. The most important part was felicitation of alumni and Retired professors in a novel and jovial way. The seminar was conducted with all academic rigor. I had the opportunity of interacting Prof. Bohra, Prof. Goyal from Jodhpur University, Prof. Gusai and Prof. Prakash from Delhi University and all other luminaries from different places which made it truly national.

It was really a mutually learning and rewarding experience from this academic discourse of learning through sharing. Some more outside papers could have been included in the seminar through prior communication.

I once again thank the organisers for excellent logistic arrangements, entertainment program, accommodation, food and everything and look forward to such opportunities in future.

With warm personal regards,

Respected Prof. Jain,

At first I would like to share that getting this type of mail after the academic event is being over is very unique one where we concentrate on pre-conference arrangements and arrangements during the conference days.

But your esteemed department is also thinking on getting feedback after the event which will surely help your Department a lot in further enriching the quality of academic discourse and other other aspects of an academic event in future.

As due to some unavoidable reasons I couldnt join the event in person and was there over virtual mode, I am not in a position to share my opinion on the physical facilities and hospitalities during the stay but feeling extremely honoured to share that all the members in the organising team along with you were highly systematic, cordial and organised in every respect over the virtual Technical Session where a very good number of paper presenters were there along with eminent academicians from different parts of our country.

I was really touched by your cordial reception and invitation and shall eagerly look forward to visit your Department in person in future.

Thanking you for giving me the opportunity to be associated with the academic event and with regards,

इस वर्कशॉप में आकर नई चीजें अनुभवों से परिचित हुआ। काफी कुछ सीखा और ये जाना कि अभी रास्ता बहुत बाकी है सीखने और सीखने के अध्याय भी बाकी हैं। इससे पहले बहुत सेमिनार, वेबिनार, वर्कशॉप, FDP में सहभागिता की लेकिन यहाँ जो अनुभव हुआ अमूल्य है।

यहाँ आई तो खाली हाथ ही संकोच भी था परन्तु जाने समय ज्ञान, ऊर्जा, खूबसूरत यादें और अनमोल रिश्ते मेरे हाथ भर गए हैं। इस वर्कशॉप को आयोजित करवाने वाले हर सदस्य के प्रति हृदय से आभारी हूँ।

During my present visit to the Deptt of Comm.-C., I had multiple unique experiences. First day, in an interactive session with newly admitted students & UG classes along with other senior students and research scholars, the questions raised by students have been very interesting and many pending questions are being planned to be resolved in an online session. I also appreciate the presence of young and energetic prof M.S. Patkar in the Deptt

I have been invited as a Resource Person in this department in Capacity Building Programme sponsored by ICSSR. This is my first visit to the Department of Commerce, though I have visited Deptt of Mgt Studies few times.

I appreciate the environment of learning created and nurtured by Prof J.K. Jain, HOD and his team. The participants have been interactive and receptive. This type of events are instrumental in development of teachers.

Overall good ambience and good environment. H.S. Gaur University, Sagun has a great reputation. I am honoured to be here.
