The chairman welcomes all the respected members in this meeting.

The agenda items are discussed as follows.

Agenda 1. : Allotment of Research Supervisor for the student Ms. Aparna Chourasiya (Y24472001) for session 2024-25.

The matter is discussed in detail with reference to the willingness of student received.

Resolution: The BoS allotted the student Ms. Aparna Chourasia to the Supervisor Dr. Mahesh Kumar Yadav to do research in the field of General Relatively and Cosmology.

on his allotment
online at 10:00

Agenda 2. : Rectification of DRC constituted vide letter no. Maths & Stats/2025-26/4013/ dated 13/10/2025.

The above letter is placed before the respected BoS.

The matter is discussed.

Resolution : This proposed DRC of the department of Mathematics & Statistics is constituted by letter no. Maths & Stats/2025-26/4013 dated 13/10/2025 is hereby approved by the BoS.

Agenda 3. : Discussion on continuation of "M.Sc. Statistics" in terms of lack of faculty members. This matter is discussed in detail.

Resolution : It is worth mentioning that in Statistics we have two faculty members available in the department at present. One member is just going to retire in the forthcoming session. There is an effective workload of 78 credits (weekly) lecture of Statistics among which 40 hours of PG, 18 hours of UG and 20 hours of UG honors in statistics are there. Even no students in current session 2025-26 has been admitted in M.Sc. Statistics & in B.Sc. Statistics honors courses. In this situation of no availability of faculty members, the BoS has decided that it is not feasible to continue the 1. M.Sc. Statistics & 2. B.Sc. honors Statistics programs from the forthcoming session 2026-27. So it is decided that these two programs of M.Sc. Statistics & B.Sc. honors Statistics will be discontinued from the next session 2026-27.

The above courses will be ~~restarted~~/continued to start & run, subject to proper availability of faculty members in Statistics. B.Sc. honors Mathematics is continued to sum as usual.

(05 faculty members needed)
As discuss in the meeting it is agreed upon that is teacher are made available by the University only in that case the Department will run the course as per work load. Before the advertisement of admissions in 2026-27 session that is open in February the faculty should be made approved by the University. Otherwise it will be not possible to run the course & BoS suggests that in meantime if before February no faculty is appointed in Statistics the Department will proceed to discontinue the course of M.Sc. in Statistics & Honors in Stats.
