

2021-22-STUDENT FEEDBACK

Analysis of Students' Feedback of the academic Session 2021-2022 and Action Taken Report (ATR)

A total of 157 students (of B.Sc. Bio.) have given their feedback. The courses are knowledge and skill based as per the opinion of maximum number of students. 75% students find that the course contents are sufficiently advanced and up-to-date. 85% of the students (who participated in the feedback survey) have given good grades with regard to the learning outcomes, course credits and flow of syllabus in the various courses. Majority of the students find the syllabus well sequenced, logical and skill oriented. More than 80% students find pre-requisites are sufficient and compatible with the course. Though, 70% of students were of the opinion that sufficient study materials are available in the library or in the form of e-contents. More attention will be given in the near future. 75% students find experimental and classroom facilities in the department adequate. Around 80% students have endorsed that a well organized course contents truly based on syllabi were delivered by the course coordinators/faculties in a good manner and the syllabi were completed on-time. Very good number of students found the classes interesting, interactive, participatory and well supported by the activities. More than 80% learners appreciated the subject knowledge, honesty, sincerity, cordiality, energy, approachability and enthusiasm of the course coordinators/faculties. 75% students find evaluation process transparent. 80% learners found themselves encouraged for self-learning and self studies.

The overall student' feedback for B.Sc. (Biology) course is inspiring and motivating for the teaching-learning practices. Though, around 80% students are satisfied with the academic process, more attention will be given on connection between theory and practices.
