

2021-22-STUDENT FEEDBACK

Analysis of Student's Feedback for the academic Session 2021-2022 and Action Taken Report (ATR)

A total of 143 students (of B.Sc. Maths) have submitted their feedback. More than 80% of participated students have given good grades and above on advancement of the course contents and up-to-date curriculum of UG-level. 85% of the students endorsed as feedback survey, above good grade on relation of learning outcomes, course credits and flow of syllabus in the various courses. Majority of the students found the syllabi well sequenced, logical and skilful. The pre-requisites are sufficient and compatible for the course. Though, 70% of students were of the opinion that sufficient study materials are available in the library or in the form of e-contents, more attention would be given in the near future. 77% students find adequate experimental and classroom facilities in various Departments. The most of the students have endorsed that the delivery of the course contents is well organized and matched with the syllabi and courses were completed on-time by the course coordinators/faculties involved in the courses. Very good number of students has submitted the feedback that the classes are interesting, interactive, participatory and well supported by the activities and outcomes based learning. The 77% learners appreciated the subject knowledge, honesty, sincerity, cordiality, energy, approachability and enthusiasm of the course coordinators/faculties. 82% students found evaluation of answer scripts is transparent. Around 90% learners find encouragement for self-learning and self studies.

The overall student's feedback for B.Sc. (Mathematics) course reflects appreciation, inspiring and motivational from the view point of teaching-learning practices. The process/efforts towards up-gradation/perfection at the ends of system and individual is continue, for further betterment.
