

Contents

1. Fluoride (F^-) incidence in groundwater in Bundelkhand granitoids, parts of Chhatarpur District, central India 01-08
Anjali Renuka Dahanga and P. K. Kathal
2. An Analysis of Essential Oils' Health Benefits 09-13
Anamika Chauhan
3. Variation in Physicochemical Parameters of Kunda River in Khargone Region 14-17
Ankit Gawshinde, Rashmi Singhai and Vivek Tiwari
4. Groundwater Quality Assessment in Northeastern Bundelkhand Granitic Complex, Central India: Especial Emphasis on Fluoride (F^-) Pollution/Contamination 18-24
Sourabh Tiwari, P. K. Kathal, Jemini Khatik, and Navneet Ranjan
5. Change in Physiochemical Parameters of Shipra River before Covid-19 Pandemic to Present Status 25-35
Pradeep Dwivedi, Rashmi Singhai and Vivek Tiwari
6. Pseudocercospora fistulae a New Species Recorded from Central India 36-39
Prakash Kushwaha, Hemant Soni
7. Food Security in Rural Areas of Bundelkhand Region, M.P. 40-45
R. P. Mishra
8. Development and Characterization of Folic acid Conjugated Paclitaxel Bearing Microspheres for the Effective Treatment of Colorectal Cancer 46-60
Shrutimayee Patra, Sunny Rathee, Amit Sahu, Sarjana Raikwar, Umesh K. Patil, Sanjay K. Jain
9. Study of Extent and Characteristic of Badland Areas Using Visualization Techniques on DEM for the Lower Reaches of Chambal-Yamuna and its Tributaries 61-67
Sunil Kumar Panday, Rajendra Kumar Rawat
10. Design and Optimization of a Tazarotene-Containing Emulgel for the Treatment of Acne 68-75
Amit Pratap Singh, Sakshi Soni, Poornima Agrawal, Vandana Soni

INSTRUCTION TO CONTRIBUTORS

Madhya Bharti Research Journal

(A Journal of Physical and Natural Sciences)

This is bi-annual journal started in 1952, bears ISSN number 0972-7434 (National Institute of Science Communication and Information Resources, NISCAIR). It is an official research journal of Doctor Harisingh Gour Vishwavidyalaya, Sagar (M.P.) (University of Saugor) and aims to serve as a platform for information exchange among scientific fraternity. Original research articles, reviews on frontiers of science and technology to in science, technology and industrial applications are invited for publication as per following details :

Manuscript Preparation

Manuscript should be on A4 size with at least 1.5 cm margin on all sides. Manuscript should be in Times New Roman font using a font size of 12. Title shall be centralized in a font size 14, bold face capitals. Subtitles in each section shall be in font size 12, bold face lower case. Standard International Units (SI) should be used throughout the text. Manuscript should be numbered starting from the title page. Italic fonts style should not be used in the text should (Except Latin names or wherever applicable). Only recommended SI units should be used. Manuscript should be a single file starting with title page and the text should be arranged in the following order : Title page, Abstract, Introduction, Materials and Methods, Results, Discussion or Results and Discussion (Figure and Table titles and legends), Acknowledgements and References.

General: Use SI units throughout and where other units are used for some reason. give equivalent SI units in parenthesis.

Title: Should be short, sufficiently informative and useful for indexing and retrieval purposes. A short running title may also be provided.

Keywords: Maximum six words may be giving that enhance scope of retrieved of the articles.

Author(s) and Affiliation: Author(s) with affiliation (where work was done) with complete mailing address must be given. Present address of author(s), if different, should also be given. Provide e-mail address of the corresponding author.

Abstract (200 Words): It should contain scope employed, and key results in a way that is useful for indexing and abstracting service providers and gives a bird's eye view to a reader as well as to increase his interest in reading the article. A graphical abstract is also printed in contents part of the journal in every issue, so do provide one with indication of an illustration / figure / formula etc., which should go along with it. Introduction : A brief and precise literature review with objectives of the research undertaken and essential background should contribute the introduction part.

Materials and Method: Only new methods including statistical methods employed should be described in sufficient details, and others can be directed to published sources or may be sought them the corresponding author.

Results and Discussion: Results should be coherently presented and appropriately linked to tables, figures and other illustrations, but restricted to bare minimum. The section should also compare findings with those of others, as deemed necessary by the authors, and its relevance be discussed to the problem tackled. In particular, and for the branch of science, in general. Any weakness of the study undertaken, or any other peculiarity must also be pointed out. New findings, new interpretations; etc. dictated by the experimental design and the data analysis carried out.

The authors should try coining the "keywords" that are not a mere repetition of those in the title.

Conclusions: Main findings of the investigations reported in the paper.

Acknowledgements: It should be brief and meaningful when invoked; trivial formalities should be avoided.

References:

In the text, references should coated according to Harvard System as - For one author (Patil, 2001) for two authors as (Patil and Gaikwad, 2011) and more than two authors as (Patil *et al.*, 2011) respectively. References should be arranged in alphabetic order; Botanical names of the plants should be italicized and Journal names should be abbreviated and italicized. Avoid using abstracts as references and do not cite any reference in conclusion section. The commonly types of references are shown here:

Citing works by the same author written in the same year

If you cite a new work which has the same author and was written in the same year as an earlier citation, you must use a lower case letter after the date to differentiate between the works.

Devi, R. S., Narayan, S., Vani, G. and Shyamala, C.S. (2007a). Gastroprotective effect of *Terminalia arjuna* bark on diclofenac sodium induced gastric ulcer. Chem. Biol. Interact. 167(1): 71-83.

Devi, R.S. Narayan, S., Vani, G., Shrinivasan, P., Mohan, K.V., Sabitha, K.E. and Devi, C.S. (2007b). Ulcer protective effect of Terminalia arjuna on gastric mucosal defensive mechanism in experimental rats. Phytother. Res., 21(8): 762-800.

In text cite as - Devi *et al.*, 2007a; Devi *et al.*, 2007b) OR (Devi *et al.*, 2007a, 2007b)

Many references for a single quotation

Enclose a series of references within a single pair of parentheses, separated by semicolons. In text cite as - The antimicrobial activity is due to polyphenols (Jones and Brown, 1998; Price *et al.*, 1999; Smith, 2003)

If two or more references by the same author

Please start with the oldest publication and separate the years with a comma

In text cite as - The Lead causes cancer (Smith, 2005, 2009)

Essentials for Manuscript Submission

The submitted work should have a covering letter on the official letterhead under signature of the corresponding author or any other authorized person.

A declaration by authors as per certificate given is mandatory on the corresponding author to furnish the following certificate at the time of submission of the manuscript for publication:

[This is to certify that the reported work in the paper entitled "....." submitted for publication in the journal "....." is an original one and has not been submitted for publication elsewhere. I/we further certify that proper citations to the previously reported work have been given and no data/tables/figures have been quoted verbatim from other publications without giving due acknowledgement and without the permission of the author(s). The consent of all the authors of this paper hae been obtained for submitting the paper to the journal ".....".

About the Journal

Madhya bharti (Journal of Science) is an official peer-reviwed journal of Dr. Harisingh Gour Vishwavidyalaya (Formerly known as University of Saugor). It is being published biannually since 1952 with an aim to share and disseminate the scientific knowledge and developments in science. Original research articles, review articles and limited number of short communications dealing in the field of Botany, Zoology, Biotechnology, Microbiology, Anthropology, Applied Geology, Geography, Forensic Science, Chemistry, Physics, Pharmacy and other branches of life sciences as well as applied sciences are published in this journal.
