Dear Ankit,

Hope you are doing well. Dr. Mishra has asked me and Dr. Shofali to plan for your studies. As Dr. Mishra is out of station i will not be able to let you know about the permission from the Director. I would however like to plan out your studies for which i would need some details on your formulations to be studied. I would like to have a write-up with details about the number of formulations that you have to study and also some idea about the variations in them(is it based on drug content, stoichiometry of the carrier, or size etc.). I need to clearly understand the length and scope of the study for planning the time and the animals for the same. It is also advisable to send your requisition for carrying out the studies from your end on a letterhead through proper channel.

Once i get these inputs i shall work out with shofali and let you know.

Best

Dr. Rashi Mathur

Dear Ankit,

We have decided for your studies to commence in second part of March i.e., March 15, 2016. When you are here we will discuss and fix the protocols for your studies. Let us know after you have booked your tickets as to when you would be coming.

Best

Dr. Rashi Mathur

Dear Dr. Jain,

Namaskar. Hope this mail finds you in good health. I am attaching a document to acknowledge the presence of Ankit Jain at INMAS for carrying out part of his thesis work. Please feel free to let me now if anything else is required.

Best Regards

Rashi
