OUTLINE

11.1 Introduction	402	11.4 Types of Biodegradable Copolymer	408
11.1.1 Introduction to Polymers	403	11.4.1 Pressure-Processable Biodegradable Block Copolymers	408
11.1.2 Biodegradable Polymers	403	11.4.2 Photocurable Biodegradable Block Copolymers	408
11.1.3 Biodegradable Block Copolymers	403	11.4.3 Stable Biodegradable Poly(vinyl Ester) Block Copolymers	408
11.1.4 Advantages of Biodegradable Block Copolymers	403	11.4.4 Biodegradable Thermogelling Block Copolymers	409
11.1.5 Need for Specific Biodegradable Materials for Drug Delivery	404	11.4.5 Biodegradable Poly(ϵ -Caprolactone)-Poly(Ethylene Glycol) (PCL-PEG) Block Copolymers	411
11.1.6 Life Cycle of Biodegradable Polymer	404	11.4.6 Thermosensitive Biodegradable Block Copolymer	411
11.2 Classification of Block Copolymers	405		
11.3 Synthetic Methods of Block Copolymer	407
